Feeding Directions

M & K 25/15 adult breeder pak is a complete source of nutrition for your dog. The exact amount of this product required by your dog will depend on individual requirements. Factors such as breed, age, size, activity level and environment will all interact to affect the amount of food needed by your dog. Typical feeding directions are presented below. Starting with these directions, vary the amount of M & K 25/15 adult dog offered to maintain the desired level of body condition and meet their metabolic rate.

Weight of dog	Daily Amount
5 LB	½ -2/3 cup
15 LB	2/3 cup
30 LB	1 – 1 ¾ cup
50 LB	2 – 3 ½ cups
75 LB	4 – 5 cups
100 LB	5 – 6 cups

We recommend you divide the daily amount of feed between two or more meals offered at the same time each day
